InterviewStream Tips

1. Make sure you are answering all the questions completely. We will be judging you on your ability to convey how exceptional your internship was. Show us why it was a great experience and make yourself stand out.
2. You are allowed multiple tries to answer your questions. If you do not like your initial answer, rerecord yourself.
3. You will receive a maximum of three minutes for each question. We recommend that a full answer is at least 60 seconds.
4. Speak clearly and loudly. If we cannot understand you, you will not get credit for your answer.
5. Look directly into the camera.
6. Be mindful of your movements. InterviewStream is just like a real interview, so treat it as such.
