ABOUT ST. BONAVENTURE

St. Bonaventure is an outstanding institution of higher education with a history of accomplishment and service that extends back nearly 150 years. St. Bonaventure is the nation’s premier Franciscan university and ranks in the top 15 percent in U.S. News and World Reports’ college ranking of Northern Universities—Master’s.

At the heart of St. Bonaventure University is the Franciscan affirmation of the dignity and worth of the entire created order. Fundamental to this vision is an awareness that it is within relationships and community that individuals discover and develop their potential. A key goal of a Franciscan education is to help students imagine and embrace a pattern of living in which their time and talents are devoted to the service of others.

Outpatient Counseling Clinic

Affordable community services offered by St. Bonaventure’s School of Education
ABOUT US

St. Bonaventure University’s School of Education Outpatient Counseling Clinic opened in 2004, offering academic, behavioral and mental health services to children, their families, and adults in the community. The clinic serves both the college community and surrounding, underserved communities in Allegany, Cattaraugus, Chautauqua, and Erie counties in New York, as well as McKean County in Pennsylvania. The clinic offers group and individual counseling formats.

SERVICES OF THE OUTPATIENT COUNSELING CLINIC

ACADEMIC SUPPORT:
This individual or group counseling will focus on youth with academic difficulties, and who may need assistance with motivation, organization and study habits.

PARENTING:
Parenting skills training will be the focus of this group. It is designed for parents whose children are coping with attention deficit hyperactive disorder (ADHD), oppositional defiant disorder (ODD), bipolar disorders, general discipline problems, or any other conduct disorders. This service will be provided to the parents who need assistance and support with behavior management.

MENTAL HEALTH:
Group and individual counseling is offered for a wide variety of mental health concerns, including but not limited to: child abuse intervention, childhood obesity intervention and prevention, and special education assistance for psychosocial issues.

WORDS OF PRAISE...
“The clinic provides an affordable option for counseling services for families outside of school. Access to the clinic is a great benefit to children and families in the Olean City School District.”
