

Health Records Request Information

To help you in requesting your immunization records for SBU, here is a list of health services offices for central and western New York colleges. The information below is based on website research. We've listed the contact address. If this info is not available from your college, please contact your physician. Health records should be sent directly to the graduate admission office at SBU. You'll speed up this process if you use the health records request forms provided and send the SBU reply envelope along with the request.
