Yes, you’ll earn a degree here, one that will be valued highly in the marketplace. But you’ll also develop meaningful relationships with faculty, friars and friends who will impact your life forever. You’ll light candles with strangers as freshmen and extinguish them with tears four years later as you say goodbye to this unique place. Just ask the 1,000 alumni who return each June for Reunion to celebrate what Bon’s meant to them once and means to them still today. We invite you to join them.
