St. Bonaventure University is conducting a national search for a Database/System Analyst who will provide application and system support for the University’s enterprise information systems. Reporting to the Director of Enterprise Services, the Database/System Analyst will work closely with all administrative offices. Hiring range is $42,000 to $50,000.

Duties include:

- Implementation of new enterprise applications
- Implementation and maintenance of enterprise virtual environments
- Development of new processes/workflows for existing modules
- Database, Analytical, and system support
- Development of system interfaces
- Generation of reports as requested
- Training of staff in end-user applications as necessary

Qualifications: Bachelor’s degree or equivalent experience providing database and system support. Other qualifications include:

- Knowledge of SQL databases and associated tools.
- Ability to support, update, and maintain virtual environments.
- Experience with both programming and system support.
- Ability to communicate effectively, both orally and in writing.
- Knowledge of the principles, practices, developments and techniques in supporting large integrated database systems.
- Knowledge of the practice and principles of good leadership.
- Experience developing applications and interfaces that enrich the functionality of administrative systems.

This is a full-time salaried position with standard benefits due University employees. Seek to fill the position as soon as possible. Please forward cover letter, resume, and names/addresses of three professional references to jzimmer@sbu.edu
