PROGRAM OVERVIEW

The Master of Arts in Strategic Leadership (MSL) is an accelerated, one-year 33-credit online master’s program, or a two-year, part-time degree that blends the latest leadership theory and practice with a strong foundation in communication skills required for the global marketplace.

The program provides a highly interactive, team-based learning experience encompassing the following objectives:

- Develop personal awareness and clarity of purpose as a leader;
- Examine ethics and leadership values from a service orientation perspective;
- Foster interpersonal and organizational communication skills;
- Adapt and respond to global changes in the marketplace and diverse populations;
- Develop critical thinking and problem solving skills for leaders;
- Engage in strategic thinking for organizational growth and change.

Online courses are taken in eight-week sessions, with two sessions offered per semester. Courses do not need to follow a specific sequence except for Cornerstone and Capstone courses.

For those wishing to enroll in part-time study, the program can be taken in two years.

The Cornerstone Course, MSL 605, Leadership and Values, is our gateway course that all students must first take. The course introduces students to leadership theories that will be built upon throughout the program and students will complete a 360 Evaluation to develop an action plan related to their leadership skills and abilities.

The Capstone Courses, MSL 655, Project in Strategic Leadership (2 credits), and MSL 660, Leadership Portfolio (1 credit), are required to complete the program. Each focuses on an individual student project and portfolio that integrates learning throughout the program and demonstrates each student’s unique leadership skills and attributes.

ONLINE-ONLY PROGRAM FORMAT

The online format of the program isn’t just about convenience. Sure, today’s busy professionals need the flexibility to take care of their business and personal lives while also pursuing a graduate degree, but our online program provides much more than convenience.

Our excellent faculty are specially trained to teach in the online environment. They will engage students in ways that are not possible in a face-to-face environment, and they’re committed to ensuring that students not only learn the content of the curriculum, but that they are able to apply that content to leadership challenges.

Students will have access to technical support any time they need it. In order to set you up for success, all online students will take an online orientation course.
