

# JOIN THE TWIN TIER REGIONAL SCIENCE FAIR

[www.sbu.edu/sciencefair](http://www.sbu.edu/sciencefair)

## PAST PROJECT TITLES

Temperature and Crystal Growth

Comparing the effectiveness of  
wind turbine designs

Red Sky at Night..... Does the  
weather wives' tale have a basis in  
science?

After Images

Magnetic Generator

Balls Down a Ramp

Eggcellent eggs

Silly Putty Solutions

The future question for farmers?  
Water or Land?

Low Frequencies Extinguishing  
Fire

Tensile Strength of Metals at  
Different Temperatures

A Test in Human Behavioral  
Conditioning

Metal Makes It Work

Electromagnetic Life

Greener Grass

Portable MRI

Better Batteries

Pricey to Priceless Gel

Electrophoresis

RoboDoc

The Effects of Blade Factors on  
Voltage Output

The Effects of Three Types of  
Water on Plants

Wind Tunnel

The Fear of Holes

Fueling the Future

Memory

An Environmentally Friendly Way  
to Clean Up Oil Spills

Modeling an Artificial Pancreas
