## Program Overview

The Master of Arts in Leadership is an accelerated, one-year 33-credit online master's program, or a two-year, part-time degree that blends the latest leadership theory and practice with a strong foundation in communication skills required for the global marketplace. The program provides a highly interactive, team-based learning experience encompassing the following objectives:

- Develop personal awareness and clarity of purpose as a leader;
- Examine ethics and leadership values from a service orientation perspective;
- Foster interpersonal and organizational communication skills;
- Adapt and respond to global changes in the marketplace and diverse populations;
- Develop critical thinking and problem solving skills;
- Engage in strategic thinking for organizational growth and change.

Online courses are taken in seven-week sessions, with two sessions offered per semester. Courses do not need to follow a specific sequence except for Cornerstone and Capstone courses. For those wishing to enroll in part-time study, the program can be taken in two years.

The Cornerstone Course, **MSL 605. Leadership and Values**, is our gateway course that all students first take. It introduces leadership theories that will be built on throughout the program and students will complete a 360 evaluation to develop an action plan related to their leadership skills and abilities.

The Capstone Courses, **MSL 655. Project in Strategic Leadership** (2 credits), and **MSL 660. Leadership Portfolio** (1 credit), are required. Each focuses on an individual student project and portfolio that integrates learning throughout the program and demonstrates each student's unique leadership skills and attributes.
