

B.A. in History

What We Do

We offer dynamic courses covering many topics and continue to develop new courses. Areas we cover include:

- United States
- European
- Asian
- Military
- Atlantic World
- World

We offer a diverse and dynamic array of classes. In addition to the geographic areas, we teach classes on topics such as public, digital, piracy, cyber warfare, sports, and others. We also offer history through video games, digital mapping and game design.

What Makes Us Different

The workplace and the academy are rapidly changing, and we are changing with it. We are committed to innovative teaching that helps students answer the question: What can you do with a history major? In our classes, students:

- Hone reading, writing and research skills
- Work with new media
- Design digital projects
- Practice iterative design
- Game design and gamification

Challenging & Flexible Program

At St. Bonaventure, history majors can work with faculty in small classes and one-on-one. At SBU, mentorship and flexibility open opportunity for growth and to exploring combining a history major with other areas such as:

- Cybersecurity
- Education
- Honors
- ROTC
- Environmental Studies

Our Faculty

We are scholars and teachers who bring our expertise into the classroom and share our passion for history with our students.

We work closely with students to help them find academic and professional success. Our students regularly go on to graduate and professional school and to successful careers.

A student presenting on history lessons to be learned from the video game "Assassin's Creed."

Our Students

Our flexible programs allow students to:

- intern
- study abroad
- pursue an Honors degree
- pursue a double major
