

The Bona Nurse Bulletin

Fall 2025
Volume #3

Prepared by

From the Director's Desk

Fall was a wonderful season to welcome new and returning nursing students back to campus. All students performed clinical hours in the surrounding community and coursework to work towards achieving their nursing goals. We ended our semester with a Christmas give back project where nursing students wrote holiday messages in cards for residents of The Motherhouse and patients at OGH. Enjoy this edition of the Bona Nurse Bulletin that recaps some of the great work achieved by our team and students.
