

Fall 2021 COVID-19 Requirements/Expectations

Please Print:

Student Name: _____

Student ID#: _____

All students — both residential and non-residential, except for fully online, non-residential graduate students — must have valid proof of being fully vaccinated against COVID-19 prior to arriving on campus. **Unless a student has an approved medical/religious exemption, all unvaccinated students will not be allowed to check-in to residence halls, use campus facilities or attend classes.**

- Individuals are considered fully vaccinated two weeks after receiving the second dose in a two-dose series (Pfizer-BioNTech or Moderna) or two weeks after receiving a single-dose vaccine (Johnson & Johnson).

All students:

- must complete a daily health assessment screening for at least the first 2 weeks of the academic semester
- immediately report a positive COVID -19 test result to the Health Center and comply with all isolation procedures specified by the University and/or the local Health Department
- comply with additional COVID-19 mitigation requirements and other preventive guidance as mandated by the University

Exempted students, as well as vaccinated students who have received their final dose but have not yet completed the 2-week period to reach “full” vaccination status, are required to:

- wear a mask indoors, in compliance with current and any future CDC guidance for mask wearing
- comply with COVID-19 testing requirements and completion of additional daily health assessment screenings as mandated by the University
- comply with requests to be temporarily excluded from classes, residence halls or the St. Bonaventure University campus at the discretion of the University, in the event that a case or cases of COVID-19 is/are discovered on campus. (*Restrictions from University facilities, including but not limited to classes and living spaces, does not entitle an exempted student to any reduction in tuition, housing charges, or other University fees.*)
- comply with all isolation and quarantine procedures for unvaccinated/not fully vaccinated individuals in accordance with local, state, or federal guidelines if exposed to a COVID-19 positive individual

I attest I am fully vaccinated, vaccinated but pending the 2 week “full” vaccination period or University exempted from the COVID-19 vaccine. I have read, understand, and agree to comply with the above. I understand that behaviors that violate these expectations jeopardize health and safety, increase the likelihood of a viral outbreak on our campus or in the greater community, and may result in actual harm to one or more community members. Therefore, failure to comply with these requirements and expectations may result in a forfeiture of campus access or removal from University housing, in addition to other disciplinary measures.

Signature of student (if over age 18): _____ Date: _____

Signature of parent or guardian (if under age 18): _____ Date: _____
