

Left: Have your students learn about the traditions, symbols, designs and history of Japanese Kimono then try their hand at designing their own.

Each Kimono can be mounted to create a student exhibition!

Right: Learn how woodblock prints are made then try your hand at carving your own or use our pre-made ones to create elaborate, one of a kind, prints!

Art & Culture of Japan

Take your students across the globe for a firsthand look at the art and culture of Southeast Asia using original works from the Quick Center's Collection as their guide!

Above: Students learn basic origami to create animals and boxes. Right: A student project using three dimensional origami to construct a 1/4 scale Japanese Good-Luck Dragon.
