

In Plein Air Gallery

Experience the Quick Center's World Class Art Collection without leaving the school grounds! Our ArtMobile will bring reproductions of original works from our collection and set them up for students, faculty, staff and your local community to tour.

This activity can be included in addition to other activities listed or can be developed as a stand alone project where students will discuss works employing Visual Thinking Strategies. This is a great activity for school Arts Festivals, Music & Theatre Performances, Open Houses or Voting Nights!
